**Neurology® Podcast**

Long-term remission of CIDP after pulsed dexamethasone or short-term prednisolone treatment

At www.neurology.org, click on the “Download Latest Issue” link or “Subscribe Now” to subscribe to the RSS Feed.

This week’s podcast features an interview by Dr. Ted Burns with Dr. Filip Eftimov about his paper on long term remission in CIDP.

**NEW CME Opportunity:** Listen to this week’s Neurology® Podcast and earn 0.5 AMA PRA Category 1 CME Credits™ by answering the multiple-choice questions in the online Podcast quiz.

Scan this code with your smart phone to directly access the Podcast.

**Neurology® Online CME Program**

Earn CME while reading Neurology. This program is available only to online Neurology subscribers. Simply read the articles marked CME, go to www.neurology.org, and click on CME. This will provide all of the information necessary to get started. The American Academy of Neurology (AAN) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to sponsor continuing medical education for physicians. Neurology is planned and produced in accordance with the ACCME Essentials. For more information, contact AAN Member Services at 800-879-1960.
