Spotlight on the January 14 Issue

This Week’s Neurology® Podcast

Hypoxic locomotor rehabilitation for incomplete spinal cord injury: Not an oxymoron
E.B. Plow and M.G. Fehlings

The globalization of US and Canadian neurology residency training: Is it just about the money?
R.F. Józefowicz and G.L. Birbeck

Hereditary diffuse leukoencephalopathy with axonal spheroids: More than just a rare disease
C. Wider and Z.K. Wszolek

Daily intermittent hypoxia enhances walking after chronic spinal cord injury: A randomized trial

Anti-neutral glycolipid antibodies in encephalomyeloradiculoneuropathy

International electives in neurology training: A survey of US and Canadian program directors
J.L. Lyons, M.E. Coleman, J.W. Engstrom, and F.J. Mateen

Ficolin-3–mediated lectin complement pathway activation in patients with subarachnoid hemorrhage

Left atrial appendage occlusion in atrial fibrillation after intracranial hemorrhage

Haploinsufficiency of CSF-1R and clinicopathologic characterization in patients with HDLS

Neuropsychiatric changes precede classic motor symptoms in ALS and do not affect survival

Motor cortex stimulation does not improve dystonia secondary to a focal basal ganglia lesion

Disparities in deep brain stimulation surgery among insured elders with Parkinson disease

Globalization of neurology: Development of the WFN Journal of the Neurological Sciences
R.P. Lisak

S.L. Minden, A. Feinstein, R.C. Kalb, D. Miller, D.C. Mohr, S.B. Patten, C. Bever, Jr, R.B. Schiffer, G.S. Gronseth, and P. Narayanaswami

CONTINUED
Injury to a specific neural pathway detected by ultra-high-field MRI

Odd harvest: Reflections on the practice of brain collection
A. Gillman, R. Babij, M. Lee, C. Moskowitz, P.L. Faust, and E.D. Louis

Wrong side dilated pupil
E.F.M. Wijdicks and C. Giannini

Clinical Reasoning: A 42-year-old man with severe headache, fever, and acute coma
F. Han, B. Peng, S. Gao, C.-H. Mao, L.-Y. Cui, B. Xing, and Y.-C. Zhu

Pearls & Oysters: An unusual case of varicella-zoster virus cerebellitis and vasculopathy
F. Calabria, F. Zappini, G. Vattemi, and M. Tinazzi

In vivo identification of morphologic retinal abnormalities in neuromyelitis optica
F.-X. Borruat; Author response: E.S. Sotirchos, P.A. Calabresi

Olfactory dysfunction in patients with idiopathic intracranial hypertension
K.F. Khoo, B. Lepas; Author response: H. Kunte, F. Schmidt, J. Hoffmann, L. Harms, G. Kronenberg

Teaching NeuImages: Facial diplegia due to neuroborreliosis
J. Campbell, J. McNamee, P. Flynn, and G. McDonnell

Teaching NeuImages: Dyspnea as a presenting manifestation of amyloid myopathy
